Buy Bonds To Speed U. S. Victory!

Colma District Off To Good Start Toward Reaching $90,000 Goal By Feb. 15

The Fourth War Loan drive got off to a good start in the Colma district, last week. Claude Cattori, chairman, reports that the sale of War Bonds is progressing nicely. He is pleased with the work of his committee and the splendid group of women assisting with the sale of bonds.

He and his committee feel that the district's quota of $90,000 will be reached by the deadline, February 15.

Tables, staffed by members of the A. W. V. S. of Colma, have been placed, for the convenience of purchasers of bonds, in the Colma branch, Bank of America, and Lucca Ravioli company, 7370 Mission street.

The following A. W. V. S. members are selling bonds at the bank: Mrs. Estelle Packwood, Mrs. Alma Garibaldi, Miss Jean Belli, Mrs. Teresa Langford, Mrs. Eda Giusti, Mrs. E. E. Stafford, Mrs. M. Pauline Brown.

The table at Lucca Ravioli company is staffed, each day between 4 and 6 p. m., by the following senior high school students, Elizabeth Newton, Alma Simonetti, Dolores Caserza, Caroline Migliore, Bianca Ratto. On Saturday afternoons Miss Eleanor Nessier takes charge of the table.

Starting today, Lucca Ravioli company will have a special window display which will demonstrate the fighting equipment which the purchase of War Bonds makes available to our armed forces.

Bond committee for Colma district includes Cattori, chairman; John Ferrari, Leo Graziani, Mattrup Jensen, and Mrs. Brown, war finance chairman.

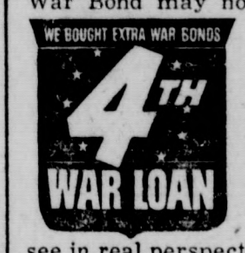
To the People of this Community

YOU ARE IMPORTANT

There is no such thing as a "little" investment in the Fourth War Loan.

Your $25 or $50 or $100 Extra War Bond may not have great importance in your mind in making up a 5½ billion dollar total for individuals.



But multiply yourself by 130,000,000 and then you see in real perspective how truly great each citizen becomes in massing national strength against the Nazis and the Japs.

Capt. Maurice Witherspoon, Navy chaplain aboard the Carrier **Wasp** when she sank, tells of a rescued wounded sailor, who, as he regained consciousness, asked: "Did I do my best?"

That's the only question you, too, have to ask yourself when you decide the extent of your personal participation in the Fourth War Loan.

There undoubtedly will be large single purchases of War Bonds in this community, but yours—if it is "your best" will deserve equally the red, white and blue shield you are privileged to display in the window of your home.

So *"Let's All* Back the Attack."

THE EDITOR.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Lieutenant **Arnold Panella** visited Daly City friends, last week, before leaving for South Carolina. He had been at Mather field, Sacramento.

Corporal **Leland W. Stephens** is no longer at the Bayshore Staging area but has been transferred to Sawtelle, California, with the Station Hospital Army Service forces. He writes to say he enjoys reading The Record.

A graduate of Jefferson Union high school, he is the son of Mrs. Winifred Tollefson, 784 Templeton avenue.

Qualified now to guide giant AAF bombers to their targets in Axis territories, members of Class 44-1, first group to graduate this year, received their navigators' silver wings at the Army Air Forces Navigation school, San Marcos, Texas, on Saturday, January 15.

Graduates also were commissioned as second lieutenants or appointed as flight officers. Student officers, who trained in grade, received their wings only.

The 18 weeks' course at this AAF Training Command base covers instruction in the four methods of aerial navigation: dead reckoning, pilotage, celestial and radio, and each student flies more than 15,000 miles in twin-engined training planes to gain practical experience.

PARMINTER

Members of the class from California included Second Lieutenant **Ernest S. Parminter,** 26, son of Mr. and Mrs. E. T. Parminter, 299 Hillcrest drive, Daly City.

Daly City Residents Are Expected To Purchase $140,000 Worth of War Bonds

Schedule "La Conga" Night For Service Club

Attendance figures at the Daly City Servicemen's club, 6201 Mission street, continue to rise and those in charge of the center point out that it's small wonder when Saturday nights prove as popular as the January 22 barn dance. Next special event is slated for Saturday evening, January 29, when "La Conga Night" will be featured.

This week, Daly City Unit No. 410, American Legion auxiliary, is hostess organization. Sunday, January 30, through February 5, Vista Grande Camp No. 6035, Royal Neighbors of America, will be in charge. Woodrow Wilson P. T. A. takes over for February 6 through February 12, and the Ladies Auxiliary to Company No. 1, D. C. F. D., for February 13 through February 19.

City Provides Tables, Benches

Workers at the Daly City Red Cross center, Theatre hall, were enthusiastic, this week, over the two sturdy tables and twelve benches provided by the city for their use. This additional equipment will make it much more convenient to turn out the surgical dressings needed by the American Red Cross for the war wounded.

Output of dressings expected from Daly City by county headquarters, this year, is set at 5,000 each month. Mrs. J. G. Morris, in charge of this branch of work at the center, expects that with the more convenient facilities and the better turnout of volunteer workers the quota will be met each month, after January.

Women who would like to help with this highly important war service work are advised that the workroom is open every Wednesday and Friday from 10 a. m. to 4 p. m. and that their services will be greatly appreciated.

Boys Reaching 18 Asked To Register

Uncle Sam, through Daly City Draft Board No. 103, reminds local boys that the day they become 18 he has a date with them!

When a youth reaches his eighteenth birthday he is expected to register for the draft at once. Local draft board offices are located in the city hall, 75 Wellington avenue, second floor.

Notification that the State selective service is ready to crack down on youths as soon as they reach their eighteenth birthday was made public this week by the selective service field division at Sacramento.

Mrs. Isabelle Flynn, chief clerk, has not received notice of Daly City's next quota. She reports that reclassification of 3A, 4F, and 2C registrants continues the main order of business at local draft board headquarters.

More Green Stamps Valid, February 1

Green stamps K, L, and M in War Ration Book Four will be used by consumers for buying processed foods from February 1 through March 20, the Office of Price Administration announced today.

These are the last green stamps on the page, and also the last green stamps that consumers will use for the time being. The new blue stamps, to be used with ration tokens, come into use, February 27.

WAR BONDS will bring our fighting men back home sooner!

WAR BONDS are the safest investment in the wide world!

WAR BONDS will guard against a post-war depression!

And these are only three of the reasons why every Daly City resident is urged to buy EXTRA War Bonds during the Fourth War Loan drive, January 18 through February 15. This community's quota in the new campaign is $140,000, according to Mayor A. J. Gaggero.

Daly City must do her share to back United States fighting men in this critical, offensive stage of the war and this drive, it is pointed out by Treasury officials, gives every man, woman and child an opportunity to "back the attack."

The War Bond booth at the Daly City theatre will be open for business during each performance, according to Henry Combe, manager. His objective is a War Bond sold for every seat in the house during the campaign. In the first week at the theatre, Old Glory Post and Auxiliary No. 2044, V. F. W., staffed the booth. January 25 through January 31, El Carmelo Parlor No. 181, N. D. G. W., will take charge. Daly City Fire department and its ladies auxiliaries will have February 1 through February 7, and Daly City Post and Unit No. 410, American Legion, will conduct the booth, February 8 through February 15.

Combe announces that anyone making their bond purchases at the theatre will be entitled to a ticket to the Bond Premiere at the El Rey theatre, February 9. This show will be for bond purchasers only and promises to be excellent.

There are several other places local residents may purchase their bonds—the Daly City post office, 6251 Mission street; Daly City and Colma branches, Bank of America; at the grammar schools, and at Jefferson Union high school where students are trying to raise enough money to buy a P-38 for the armed forces.

In order to pep up the sale of bonds and stamps at the high school, a committee has been appointed to represent each class and push the boy-girl competition. The seniors have Dot Nelson and Lenore Ross for the girls; Ken Hatt and Bud Fellows for the boys; the juniors, Verna Moresco and Barbara Blecher for the girls; Bob Olson and Ken Linhares for the boys; the sophomores, Barbara Ford and Audrey Kusber for the girls; Peter Ramer and Ben Picetti for the boys; the freshmen, Patsy Snee and Shirley Remmer for the girls; Howard Fletcher and Ben Parodi for the boys.

The high school is located at 6996 Mission street and bonds may be purchased at the office there or any student will be glad to handle the transaction for residents. Checks should be made payable to Jefferson Union high school. Students are supplied with temporary receipts to give purchasers until they can deliver the bonds.

City Officials At Peninsula Meeting

Mayor A. J. Gaggero, Councilmen Edmund Cavagnaro, Eugene V. Lynch, Howard McHugh, and John J. Fahey sr., Purchasing Agent Arthur J. Bodien, and City Engineer R. A. Klassen represented Daly City at the meeting of the Peninsula division, League of California Cities, Thursday evening, January 20, in Palo Alto. They heard an inspiring talk by Mayor Roger Lapham of San Francisco, who urged closer cooperation between Peninsula cities.

The banquet was attended by approximately 135 officials from communities throughout the Peninsula. To this group Lapham pointed out the necessity of better understanding and teamwork between cities of the Bay area if the most is to be made of post-war opportunities.

INTRODUCE ORDINANCE AT COUNCIL MEETING

Designate Three For War Council

At Monday night's council meeting an ordinance "establishing a fire department in the City of Daly City and providing for the management and control thereof; providing penalties for the violation thereof; and repealing inconsistent ordinances" was introduced for the subsequent reading and passage upon a motion by Mayor A. J. Gaggero. This ordinance, when passed, will provide a means of unifying all the provisions relative to the fire department here, its personnel, duties, and compensation.

First official notice of the coming April election was taken, Monday night, when the council decided to meet Monday evening, January 31, to begin the work of designating polling places and appointing election board members. The city election, in which two council positions and the posts of city clerk and city treasurer are to be decided, will be held, Tuesday, April 11.

The American Red Cross, San Mateo County chapter, requested permission to fly Red Cross flags in the business section of Daly City during their drive for funds, March 1 through March 31. Councilman Edmund Cavagnaro made a motion that the request be granted and the rest of the council concurred.

Upon request from the California State Civilian War Council, the city designated the required number of directors for the local war council to comply with state requirements in order that local volunteers may benefit by compensation insurance provisions.

The city clerk was instructed to inform State Director of Civilian Defense Richard Graves that leaders of the local setup are Arthur J. Bodien, commander of the Daly City Civilian War Council; R. L. Crane jr., director of civilian war services; Mrs. Imelda Jackson, personnel clerk. A civilian defense organization, to be recognized by the state body as effective and thereby entitled to compensation insurance protection for its volunteers, must have the posts mentioned above. The clerk was to certify to the names and addresses of the three to the state council.

The motion to make the necessary appointments was made by Councilman John J. Fahey sr.

An application from the Market Street railway for blasting permit, when necessary bond should be posted, was granted.

Councilman Fahey suggested that the city buy more War Bonds during the Fourth War Loan. Study will be given the matter with action taken at the next regular meeting.

On Monday evening, February 7, the city council in caucus will discuss with Louis Chess, Twenty-sixth district representative for the American Legion, the proposed $75,000 war memorial building to be erected in Daly City. This project, under study by the San Mateo County Planning commission, would provide a much needed recreation center for Daly City.

Those of the official city family on hand for Monday night's meeting were Councilmen Gaggero,

FEB. 3 MEETING

Members of the Daly City Civilian War Council will meet, Thursday evening, February 3, at the city hall, beginning at 8 o'clock. Director Arthur J. Bodien did not indicate that anything but routine business matters would come before the group.

He did express the hope that there would be a good turnout for the session.

Novel Romance Now At Daly City

Packed with hilarious and unexpected comedy from start to finish and with light-hearted, tender romance of a novel kind, "A Lady Takes a Chance," now at the Daly City theatre, co-stars Jean Arthur and John Wayne in what is said to be one of the year's most entertaining pictures.

A transcontinental bus trip from New York City to the Pacific coast and back is the idea of the story but nearly all the action takes place in eastern Oregon. There Mollie, a Manhattan bank clerk on her first vacation in years, meets Duke, a rodeo rider, who is tossed right into her lap by a bucking broncho.

Mollie has never met anyone like Duke before, and vice versa. Their stormy and picturesque romance sweeps headlong, punctuated by hilarious situations in a frontier gambling room, a rickety hotel, on the desert and at an auto camp, as Mollie, who has missed her bus in all the excitement, hitch-hikes across the state to catch the vehicle on its return trip.

Mollie decides she wants to marry the tall, capable Westerner, but Duke has no intention of letting any filly drop a matrimonial loop over his neck. Waco, Duke's rotund elderly pal, loyally tries to dissuade the determined girl from her wedding plans, and apparently succeeds. But when the travel-weary party gets back to New York City, unexpected things begin happening around the bus terminal where the trip began.

Miss Arthur has seldom had a better role for her special brand of comedy. Wayne proves himself an outstanding partner for her in an equally well-fitted part. Charles Winninger as the skeptical Waco and Phil Silvers as an irritating tour guide head the supporting cast, which also numbers Mary Field, Don Costello, Grant Withers, Grady Sutton, Hans Conried and John Philliber among the more prominent players in the gay RKO Radio film.

NOT AT HOME ON THE RANGE

Jean Arthur and John Wayne are starred in RKO Radio's delirious new comedy romance, "A Lady Takes a Chance," gay story of a white collar girl from New York who blows into the West on a bus, not accustomed to big rangy men like Wayne—in fact not accustomed to the range at all. Here's a picture strictly for laughs. It is the current attraction at the Daly City theatre.

COUNCIL

(Continued from Page 1)

Lynch, Cavagnaro, and Fahey; City Attorney F. E. Hoffmann, Fire Chief Andrew P. Chesney, Police Chief James G. Reardon, City Clerk B. C. Ross, City Engineer R. A. Klassen.

There were a number of applications for positions on the election board in the coming April election.

A motion to draw a warrant on the treasury and pay the claims was made by Councilman Lynch, and the meeting was adjourned until Monday, February 14, 8 p. m. at the city hall.

More Green Stamps Valid, February 1

(Continued from Page 1)

March 20 when the old green stamps run out, consumers may use both sets of stamps for a single purchase. Tokens will be given in change for both colors of stamps.

Since the green stamps expire long before the blue, consumers are advised to spend their green stamps first. After March 20 processed foods will be bought with blue stamps and blue tokens.

Although using two series of processed foods stamps at the same time may make rationing somewhat more complicated, it will provide both consumers and dealers with stamps of varying denominations to make purchases while tokens are coming into use. Green stamps will continue to have the same point value as at present—8, 5, 2, and 1 points; the new blue stamps will have a uniform value of ten.

SENIOR WARDENS

Chief Air Raid Warden Harry Melicker will call the monthly meeting of the Senior Air Raid Wardens to order at 8 p. m. in the city hall, tomorrow night, January 28. All wardens in the community, as well as senior wardens, are urged to attend.

Discussion will center around the role of civilian defense as it now exists, as far as air raid wardens are concerned. Melicker expressed the hope that there would be a large attendance at the session.

The newly elected officers of El Carmelo parlor, all attired in white formals, were installed in the following positions: past president, Irma Harader; president, Christine Hulme; first vice-president, Adele Wood; second vice-president, Florence Becker; third vice-president, Marge Steele; marshal, Margie Steele; organist, Dolly Galway; recording secretary, Hattie Kelly; financial secretary, Florence Hopman; treasurer, Louise Eliasen; trustees, Anne Biggio, Fredericka Volkman, Dorothy Donofrio; inside sentinel, Irene Littlewood; outside sentinel, Thelma Ferretti.

Mrs. Hulme, who has served the order for twenty years, having also acted as financial secretary for twelve years, was the newly installed president. She dedicated her installation to the 42 women who had served in this capacity since the parlor's inception in 1910.

Co-chairmen for the evening were Helen Meyer, Louise Eliasen, and Florence Hopman, who were responsible for the success of the splendid affair.

Musical selections were presented by Betty Czerwinski, Adele Wood, Hattie Kelly, Helen Meyer, and Frances Addiego. The singing of "God Bless America" concluded the evening's ceremonies and refreshments were then served in the dining hall.

After accepting the gavel, Mrs. Hulme pledged to carry on the good work set by her predecessors and reminded the members and guests of the War Bond booth, to be occupied by the Native Daughters of El Carmelo parlor, at the Daly City theatre, January 25 through February 1. All members and friends interested in making the Fourth War Loan drive a success were urged to purchase their bonds during those dates at the theatre.

A Garage Would Be Cheaper, Really!

Judge William J. Sweeney fined sixteen offenders for overnight parking at Friday's court session in the city hall. He pointed out again that it is a violation of Daly City Ordinance No. 160, Section 29, to park a car on local streets longer than 1 hour between the hours of 1 a. m. and 6 a. m.

Both police officers and the court have had to "crack down" on the overnight parking violators as their numbers have increased heavily.

Larger fines at Friday's session included: Nick Batistich, 198 Oliver street, $25 fine on charges of disturbing the peace and being drunk in a public place; Mr. and Mrs. Richard Beach, 159 Santa Barbara avenue, a $20 fine for six tickets each on overnight parking charges; Earl E. Howes, 211 Oak street, Palo Alto, forfeited $10 bail. He had been jailed for being drunk in a public place.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

DISTRICT CCPT REPORTS ON MEMBERSHIP TOTAL AT MEET

A membership of 4,753 to date was announced by Mrs. George Bruns at Seventeenth district executive board meeting, last Thursday. This is 1,500 over last year's figure at this time.

Mrs. Stella Jensen reported on the State board meeting held at Sacramento, January 12 and 13, at which Mrs. J. J. Garland of Menlo Park presided. Mrs. Jensen reported progress on juvenile delinquency problems and also the new State provision for religious training in schools. The State C. C. P. T. convention will be held in Fresno in May. Mrs. William A. Hastings, National president, will speak in San Francisco, March 15, during her western tour.

Mrs. F. C. Beach of the health department was in charge of Thursday's program. She presented a clever health play, written and staged by sixth grade pupils of the Menlo Park schools. Miss Hilda Schneider, social and mental hygiene chairman, introduced the speaker, Mrs. Corrine Sturtevant of San Francisco, who spoke on mental hygiene as it relates to parent and child. She stressed the fact that mental hygiene problems have become more complicated since so many mothers are now employed and leave their children at nurseries, thus depriving them of a normal home atmosphere.

Founders' day will be observed by the district, February 17, at the Taylor Boulevard school in Millbrae. Mrs. F. M. Stanger is district Founders' Day chairman, and will have charge of the program. It will be an all day session with luncheon served in the school cafeteria.

BACK TO PEACE

Somewhere along the line in 1944 it seems likely that world conditions will permit some tapering off in war production and shift toward peace time goods.

But this shift will present a ticklish problem. Like a man juggling while he walks a tight rope, we will have to maintain a fine sense of balance and timing. Much of America's post-war prosperity and possibly the fate of our new western industrial empire will hang on how well or how badly we make the transition from war to peace production.

Recently L. M. Giannini, president of the Bank of America, declared, "Eventual change-over in production from war to civilian goods should be effected as uniformly as possible, both geographically and as to industries. Irreparable damage would be caused, for example, by keeping the Pacific coast industries on full war production in the war's latter stages while the rest of the nation resumes civilian production. Such procedure would aggravate this area's manpower problem while the war continues by attracting skilled workers to permanent jobs elsewhere; it might deprive Pacific Coast companies of their established prewar markets, which in turn would hamper employment conversion."

Having built an industrial empire here in the west during the war, we want to see it continue to grow and prosper. But if this is to be accomplished, we must, as Giannini points out, have equal opportunity to return to peace production along with the rest of the nation.

WHAT IS YOUR SHARE?

We hear much these days about "doing our share." We know that if each one does his share, victory will hasten our way and the lives of many of our boys will be saved.

But in hearing so often about doing our share we may lose its real significance. Have you ever asked yourself the question: What is my share? Is it to buy a certain amount of War Bonds? Or is it to give a certain amount of time to some patriotic purpose?

Do you weigh your time, money and effort on a mental scale and stop giving these toward the war effort the moment you have reached your "share?" Do you watch what other people do—or do not do—and then excuse yourself because you're doing "as much as they are"—which may be next to nothing? Do you say, "I'd like to do my share but—" and then follow with what seem very good reasons to you? Wars are not won on "but." "Do" is the word of victory.

As a housewife, do you save and sell your waste kitchen fats to your butcher, or do you say, "I ought to do that,"—and then don't? As a war worker, do you take an extra day off now and then because "it doesn't make any difference?"

Do you avoid using the telephone during the busy hours when servicemen and women are trying to get calls through to home? Do you travel only when absolutely necessary?

Your share is to do your very best—and nothing short of that is your share.

Folies Bergere Has Successful Run At Winterland

Folies Bergere producer, Clifford C. Fischer, gathered together great vaudeville stars of two continents for the 1944 Folies now at Winterland in San Francisco.

Fischer, an American by birth but Parisian by residence, has watched as well as produced shows all over the world. From these shows he chose the cast for his dazzling new Folies Bergere, which presents a cast of 120 persons including 80 beautiful girls.

Many of the Folies performers are European born and toured the continent for many years before coming to America. In Europe Fischer first saw Truzzi, sensational Russian-born juggler; Malcia, saucy English dancer; the unicycling Shyretto trio, members of an old Austrian circus family; and the Christianis, famous Italian bareback riding and acrobatic family.

American-born Jeanne Devereaux, prima ballerina, and Barto and Mann, comedy dance team, were touring Europe when Fischer saw them for the first time.

In America Fischer met Monroe and Grant, trampoline stars, while they were travelling with a roller skating revue. Rollo and Verna Pickert were dancing in "Babes In Arms" in New York, and Charles Judels, cheery M. C., has kept Fischer laughing for many years during his career as a character actor of the stage and screen.

Willie, West and McGinty, clown carpenters, have been friends of Fischer's in Europe and America, and many of the Folies Dancers and show-girls were noted by the famous producer.

Tickets for all performances of the Folies Bergere are on sale at Winterland and at Sherman Clay box offices in San Francisco and Oakland. Mail orders addressed to Winterland, San Francisco (15) are recommended by the management for choice seat locations and a saving of time, tires and gasoline.

WAR FUND DRIVE

San Mateo County chapter, American Red Cross, announces Daniel G. Minto as chairman of the 1944 War Fund drive, scheduled to begin March 1. To carry forward the gigantic task of the Red Cross throughout the world, the national goal has been set at $200,000,000. The quota for San Mateo county is $234,000, nearly $100,000 more than last year's local quota. Minto will direct this year's campaign from the new Red Cross War Fund office at 1213 Burlingame avenue, Burlingame.

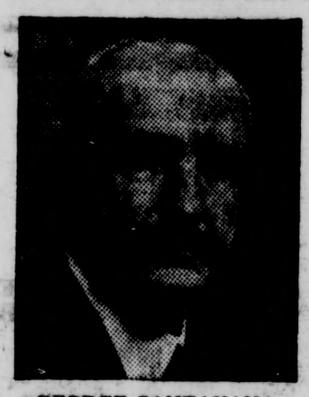
"With the growing realization of the tremendous responsibilities confronting the Red Cross as the war enters its most crucial stage, the people of San Mateo county will, I feel sure, increase their contribution to the limit of their ability, so that our goal will be reached," Minto said in discussing the War Fund drive.

Minto, owner of the Minto Motor company, Burlingame, has been active in civic activities on the Peninsula since he first came here to live several years ago. He has handled financial drives for the Boy Scouts of America and worked with the Community Chest. At the present time he is a member of the board of directors of the Boy Scouts.

READING & WRITING

BY Edwin Seaver AND Robin McKown

THE eighty-year-old poet and philosopher, George Santayana, tells the story of a most unusual childhood in "Persons and Places," a Book-of-the-Month Club selection for January.



GEORGE SANTAYANA

Christened Jorge Agustin Nicolas de Santayana, the author was born in Madrid of Spanish parents. His father was a scholar, an artist, and a lawyer, and from him the boy inherited much of his love of philosophic pursuits. But through his mother, he became acquainted with America. On a trip to the Philippines she had met her first husband, George Sturgis from Boston, and up until his death ten years later, she lived mostly in Boston. It was indirectly through this marriage that young George met the Massachusetts Sturgis clan, who included such interesting people as Uncle James, of the many business failures and the uncompromisingly round beard, and Uncle Samuel, who was so "elegantly mad."

• • •

Santayana spent his first nine years in Spain. Then his father took him to Boston to join his mother who with her other children had preceded him there by several years. He attended the Boston Latin School, where he was fairly unhappy at first, though later he became quite the most important boy in his class. This was after he had composed a long poem, in which he had drawn on his even then present gift of satire, to castigate his professors. His friends had several hundred copies of this masterpiece printed, which if it did not make him teacher's pet, brought him popularity with his schoolmates.

His next eleven years—except for periodic summer visits to his native Spain—were spent at Harvard, first as undergraduate, later as instructor and proctor. His book ends with the day he got his commencement degree.

Since then he has lived and traveled widely in Europe, but his books have been written in English, and America claims him as her own. His one novel, "The Last Puritan," was also a Book-of-the-Month Club selection.

• • •

On his first visit back to Spain, at the age of nineteen, he met Don Pelayo, his father's closest friend, whose Castilian was of the purest and who loved rhetoric, but who had a phenomenally lean purse. Oftentimes, Don Pelayo would arrive at their house just before dinner was served. "No thank you," he would say. "I have dined already; but if I may I will have the pleasure of sitting at the table with you, while you eat." A place would be made for him; a heaping plate of chick peas and the other ingredients of the meal would be placed before him, and he would resign himself to taste it. It was true that Don Pelayo had already dined—but it had been the day before yesterday.

WAC Assignments In San Francisco

Northern California women may now enlist in the Women's Army Corps and be assigned to posts and camps in San Francisco and vicinity, according to an announcement issued today by Captain Margaret N. Horn, WAC Recruiting officer for this area.

"Women are urgently needed at Fort Mason, Fort McDowell, and Camp Stoneman to fill a varied number of jobs," said Captain Horn, "including messengers, librarian, X-Ray technicians, surgical technicians, hospital orderlies, optician, dental technicians, clerk-typists, truck drivers, chauffeurs, bookbinder, administration and technical clerks, utilities, bookkeeper, chiropodist, supply clerks, messenger dispatcher, receiving or shipping clerk, stock records clerk and stenographers."

Women enlisting for these special assignments will be sent to a WAC Training center for basic training and then will be returned to do the job for which enlisted.

All eligible women, 20 to 49, inclusive, should go at once to their nearest WAC Recruiting station and apply for the job they would like best to do. Those wishing additional information may write to the WAC District headquarters, 444 Market street, San Francisco, 11, California.

Congressman Anderson Favors Soldier Vote

This year, according to present indications, promises to be one of the most important election years in the history of the nation. Word received, this week, from Congressman Jack Anderson, this district's (Eighth) representative in Washington, tells of plans before Congress to permit men and women in the armed forces to participate in the election.

If those plans succeed, Anderson said, it will be the first time that service men and women have participated during a war in a national election. The congressman declared he is strongly in favor of those serving their country having a part in its elections.

Political sources in the Eighth Congressional district pointed out today, Congressman Anderson undoubtedly will have opposition, in this year's elections. They cited the C. I. O. antipathy to Anderson, and the fact that the C. I. O. has virtually a million dollar political fund to expend this year. The C. I. O. will center its attack, political leaders said, on all congressmen who voted for the Smith-Connally anti-strike legislation. Anderson supported this act.

In San Jose political prognosticators see a fight for the congressman. They point out that the C. I. O. sent up a trial balloon some time ago for former Lieutenant Governor Ellis Patterson to oppose Anderson, but add the balloon burst when Paterson didn't take. They point out now that Arthur L. Johnson, recently returned from Washington to San Jose, will be Anderson's opponent, backed with the plentiful funds of the C. I. O.

BROWN POINTS FOR WASTE FATS

For every pound of fat a housewife turns in to her meat dealer or other fat salvager, she receives two brown points, beginning December 13. "But most important," Herbert M. Faust, director of WPB's Salvage division said, "within a month the fat will be transformed into war materials and on the way to the fighting fronts." He reminded housewives to save the grease from turkeys, geese, ducks, and chickens, for the manufacture of war products.

PUT YOUR FINGER *DOWN* ON THIS SABOTEUR OF HEALTH ... Keep on top of the "flu" germ this winter. He is going about nipping folks these cold and wet wintry days. Don't let him sabotage your health and cost you time and money on your important job these war days.

When you go out of doors this winter—dress in warm, dry, weather-tight clothing. But if you should come home cold and wet, change at once to warm dry clothing. At the first symptom of a cold, doctor-up and climb into bed. Get the advice of a nurse or doctor and get well and keep well.

It would be a good idea, too, to see that your home heating equipment is working efficiently and economically. Use heat wisely. Do not overheat and waste fuel. Keep windows and doors and fireplace openings closed to prevent heat loss. All fuel today is fighting fuel, essential and vital and enormously needed in war production.

ABOUT SOCIAL SECURITY

As manpower demands have increased under the urgency for greater war production, thousands of older workers—many of them well beyond the retirement age of 65—have stayed on the job and are making an important contribution to the nation's war production, Edward J. Foley, San Mateo manager of the Social Security board, said today in reviewing the operations of his office in 1943.

The San Mateo office, located at 308 Baldwin avenue, San Mateo, administers the federal old age and survivors insurance system of the social security act in San Mateo county. In this county Foley reports, there are a large number of workers over 65 who have had sufficient employment and earnings at jobs covered by the social security act to entitle them to old-age payments if they should retire.

"These workers are an important part of our labor force," he added. "They include many excellent craftsmen whose skills are badly needed in war production. In other years, however, when jobs were scarce, many of them would have been forced into retirement because they could not find employment. The best proof of that is the large number of workers who did retire before the war boom, but have gone back to work."

Reviewing four years experience in paying old-age insurance under the social security act, Foley pointed to two major reasons for retirement of older workers from the labor market: (1) physical inability to hold a job, often the result of poor health, and (2) inability to get a regular job because of employment conditions.

With the scarcity of manpower, and the prejudice against older workers largely removed, the worker's physical inability to measure up to the requirements of his regular job is now the chief reason for retirement. In the heavier industries of the far west—lumbering and mining, for example—retirement is generally more frequent at age 65 than in lighter jobs where workers often continue for many years beyond retirement age.

In addition to workers who retire, and to the worker's wife, if or when she is 65, the federal insurance plan provides monthly insurance payments to the widow and young children of an insured worker who dies providing there is a child or adopted child in the family under age 18.

"Those payments to families which have lost their breadwinners are an important part of the federal insurance system and are too little understood," Foley said. "In many instances we take claims from a widow whose children are very young. Those payments often represent the only insurance protection the family has. Monthly payments to those survivors will frequently amount to between $5,000 and $10,000 before being finally paid out. In each instance the amount paid the widow and each child under 18 is based on the worker's average wage at jobs covered by the social security act."

In 1943 the San Mateo office forwarded 417 claims to the social security board for final review and payment. This was an increase of about 20 per cent as compared with the 349 claims forwarded in 1942. The office also issued 8352 social security account cards to workers who entered employment covered by the social security act. Many of these cards went to high school students, housewives and others who had previously not engaged in private commercial or industrial employment.

Circulars describing the old age and survivors insurance program can be obtained free from the social security board, 308 Baldwin avenue, San Mateo.

Police Break Up Several Brawls

Sergeant Ricco Benedetti and Officer Henry Sundermann jr. assisted the Shore Patrol in breaking up a free-for-all between soldiers and sailors at Hilltop Lodge, February 19, at 1:55 p. m.

At 6 p. m., January 19, Officer Sundermann returned a lost child, Kenneth Leopold, to his home on Oliver street, after C. J. Pettigrew reported that the child was near his place on Hillcrest drive and did not know how to get home.

January 23 at 12:15 a. m. Officers Roland A. Petrocchi, Roy Beecher, George Savage, Sergeant Benedetti and Commissioner Eugene V. Lynch broke up a row between soldiers in the vicinity of Mission and Hillcrest. The servicemen were creating a disturbance and challenging others to fight. The local police turned them over to Military Police, after severely reprimanding them.

Relief Problems Show Improvement

Continued improvement in the relief problem in San Mateo county is shown by decreasing numbers of people receiving all types of relief except aid to the needy aged and dependent children, California Taxpayers' association stated today, making public its study of relief trends in California counties for the last six months of 1943.

In December, 31 people in the county were receiving aid as needy blind, compared with 37 for the July preceding, the association found.

In December, 73 children were receiving aid as dependent children, compared with 62 in July.

In December, 568 were receiving aid as county indigents, compared with 660 in July.

In December, the old age aid rolls numbered 1,225 while in July 1,184 were receiving aid to the needy aged. Increase in amount of aid and decrease in legal requirements for care of old people by their relatives were both in effect throughout the period, the association stated.

Over the state as a whole, persons receiving aid as needy blind totalled 6,360 in December and 6,649 in July. Dependent children numbered 20,275 in December and 22,404 in July. County indigents numbered 20,068 in December and 22,151 in July. Needy aged persons numbered 157,7446 in December and 152,220 in July.

To Have Dog Show

After a lapse of nearly two years San Francisco is to have its annual dog show, a thousand pedigreed pooches on exhibition for two days in the Civic auditorium.

With Dog Show headquarters opening, last week, at 1107 Market street, officials of the Golden Gate Kennel club have fixed the date as January 29 and 30, Saturday and Sunday, with the entire Civic auditorium engaged for the event.

The show, which will be the Thirty-fourth Annual All-Breeds Dog Show, will be noted not only for its variety of breeds, but for many individual canine ribbon-wearing celebrities noted for their wartime exploits.

STORAGE YARD

Henry Doelger, well-known Bay area builder, is putting in a large storage yard at Daly City, located between Junipero Serra boulevard, Railroad avenue, School street, and the Pacific Coast Aggregates company. It will be used to store materials of all types. Construction has begun on a 40 by 100 foot warehouse.

Selection of Daly City as site for the storage yard was probably made, according to City Building Inspector Arthur J. Bodien, because Doelger recently received a contract to build 300 homes in South San Francisco and this will be a convenient location where materials may be stored and distributed as needed on jobs at South San Francisco and in the City of San Francisco.

Colma Poultry Raiser Wins At New York Show

A San Mateo county poultry raiser was among the winners of awards at the Thirteenth Annual New York Poultry show.

A special feature of the five-day show was competition for both adult and 4-H Club member owners of production poultry, with prizes of war bonds and stamps donated by the Great Atlantic and Pacific Tea company. Professor R. C. Ogle, Cornell university extension poultry specialist, was in charge of the contests, and also conducted daily forums on backyard poultry problems.

The award to this county went to Harry L. Phillips, of Colma, who won four firsts and two seconds with his Columbia Plymouth Rock entries in the production bred poultry class.

Women Marines To Speed Victory

A little over eleven months ago the first American woman donned the attractive uniform of the Marine Corps Women's Reserve. Today, thousands of girls in Marine forest-green with scarlet markings are working in control towers and link trainers, driving transport vehicles, rigging parachutes, and performing other highly specialized duties formerly handled by male Marines. Every Woman Marine has released a man for the fighting front, and thus has participated in glorious American victories such as those on Bougainville, Tarawa and New Britain.

In pointing out these inspiring accomplishments during the first historic year that women have worn the uniform of this distinguished branch of America's fighting forces, Colonel D. M. Randall, the officer in charge of the Western Procurement division, U. S. Marine Corps, stated that an important contribution to the success of the Women Marines' recruiting program has been the splendid cooperation of newspapers and advertisers. An example of this cooperation is seen in this issue of The Daly City Record.

The advertisement of Pacific Greyhound Lines is devoted almost wholly to Marine Corps Women's Reserve recruiting. This message to women is running in more than 500 newspapers throughout California, Oregon, Nevada, Utah, Arizona, New Mexico and parts of Texas.

"We greatly appreciate this cooperation," Colonel Randall said. "This contribution to our cause is particularly appropriate coming from Greyhound, as members of the Marine Corps Women's Reserve depend greatly on this nationwide travel system for transportation to and from training camps and the points throughout the country where they are stationed. Places in the West where Greyhound serves our organization include, among many others, Camp Pendleton at Oceanside, Camp Elliott near San Diego, and air bases at El Centro, and other locations. At Camp Elliott Greyhound service is particularly valuable, as a large number of Women Marines are on duty there and Greyhound provides special bus service to this camp."

LAST CALL FOR 1944 LICENSE RENEWAL!

Last call for 1944 vehicle license renewal!

Vehicle owners of California were reminded today by Gordon H. Garland, director of the Department of Motor Vehicles, that only a little more than a week is left to apply for the blue and gold windshield stickers and avoid penalties.

The deadline is midnight, Friday, February 4. Applications received after that time will be subject to a 100 per cent penalty on the registration fee and 50 per cent penalty on the vehicle license fee.

Applications may be made either by mail or at the counter at any one of the numerous branch offices maintained by the department throughout the state.

Any vehicle that has been operated on the public highways since December 31 must be registered to avoid penalties.

The 1943 Registration card, showing the present address of the applicant, must accompany the fee. If the application is made by mail, postal or bank money orders or cashiers' checks should be used. The department does not accept personal checks and it is not advisable to send currency.

Mail applications should be sent to the office nearest the applicant. They are acceptable at the branch office at 160 South Van Ness, San Francisco 3.

THE MARINES, TOO, DEPEND ON GREYHOUND

Like men and women in all branches of the armed forces, the Marine Corps Women's Reserve depends on Greyhound for transportation. Greyhound buses serve Camp Elliott, San Diego, and other Marine training centers, as well as Marine bases from coast to coast. Other special services are also performed by Greyhound, often on a moment's notice. For example, buses are often requisitioned from regular schedules to transfer wounded between hospitals. In spite of shortages of buses and experienced personnel, the whole Greyhound organization is concentrating its efforts and resources to provide adequate transportation for all who must travel.

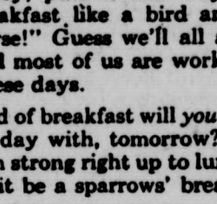
Julia says—
Try a new kind of breakfast tomorrow!



MICKEY MOUSE, inspired by the wise Mr. Disney, puts it this way: "You can't breakfast like a bird and work like a horse!" Guess we'll all agree to that—and most of us are working like horses these days.

What kind of breakfast will *your* family start the day with, tomorrow? Will it keep them strong right up to lunchtime—or will it be a sparrows' breakfast?

What, No Time?

If it's lack of time that's worrying you, remember that you can get a good breakfast together in ten minutes—the time it takes to make a cup of coffee! Modern cereals are quick and easy as opening a package, and they come in more varieties than you can shake a stick at. And the cereal breakfast foods of 1944—natural, whole-grain, restored or enriched with vitamins and minerals—make an important contribution to the daily requirements of proteins, B-vitamins, minerals and fuel for energy.

You can serve a big bowl of cereal with fruit and milk and sugar in it, and have a breakfast in that single bowl! An egg or some meat takes only a few minutes, and rolls or bread or toast and butter (or margarine) add to the score.

Look Ahead!

Or if it's variety that's stopping you, maybe a "pin-up" plan will do the trick. All that's required is to make out breakfast menus for a full week in advance. Then pin them up over your range or kitchen sink, and run through the pattern. Hard to do? *Easy!*

First make yourself a list of the fruits your family likes and which are on the market (oranges, grapefruit, dried prunes, apples, etc.)—and remember they can be served alone or on cereal. Put opposite each one, the way you want to prepare them—stewed, sliced, fresh, squeezed (ever squeeze a grapefruit for the juice alone?—mmmmm!).

Then make a list of the cereals your family likes best, including a few different ones for them to try as a treat. Wheat, corn, oats, barley, bran, rice—what's their favorite flavor? Rolled, ground, flaked, made into shreds, biscuits, rounds—all shapes and sizes!

Make a list of the ways your family likes its bread—as many as you can. The same goes for eggs and meat. Change the style or choice as you follow the week through.

There's the basis for your week's "pin-up" breakfast plan! Follow it through—and watch your family go after *good* breakfasts with new zest!

Hints for Wise Wives

And here are some "note-book" hints which might come in handy when you're planning those good breakfasts:

For a change, sprinkle *brown* sugar on hot oatmeal—

Serve *sliced raw apple* with cereals of the farina type (or any type, for that matter)—

For pancakes, melt a little butter or margarine in the *syrup* and use that combination only on the cakes.

A Winter Season Shortcake

NO need for passing up that all-time family favorite, the shortcake, just because strawberry season has passed. Readily available in every market are apples and cranberries, which combine to make a delectable shortcake—yes, one as colorful and as good to eat as any of your old summertime varieties.

Serve this spicy seasonable sauce on double decker biscuit type shortcakes for a new family thrill, and top it with a bit of hard sauce—the brown sugar variety.

Of course, fruit alone doesn't make a shortcake. It's the lightness, flakiness, tenderness of the shortcake biscuits that's real "proof of this pudding." To be sure of the best results, use a good shortening, like the new blended shortening, scientifically prepared and home tested to assure the best in performance. Blended shortening is good in that brown sugar hard sauce, mentioned, too.

Apple and Cranberry Shortcake

To prepare the Sauce:

Boil together for 3 minutes ½ cup sugar and ½ cup water. Add 1 cup diced apple, cook about 5 minutes. Add 1 cup washed cranberries, and a stick of cinnamon. Cook until cranberries pop, about 5 minutes.

Shortcake Biscuits

⅓ cup blended shortening
2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt
⅔ cup milk
1 tablespoon blended shortening

Make a biscuit dough by cutting the ⅓ cup blended shortening into the sifted flour, baking powder and salt. Add milk, stirring quickly but thoroughly. Turn dough onto a floured board. Knead gently. Roll out about ½ inch thick. Cut into eight 3-inch rounds. Brush tops of four rounds with melted shortening and place second round on top. Bake in a hot oven (450°F.) about 15 minutes.

Separate the rounds. Cover the bottom with apple cranberry sauce. Place top round on and cover it generously with the sauce. Top with hard sauce, if desired.

Two Outstanding Artists To Appear

The San Francisco Opera association will bring together in one concert, two of the outstanding artists of the day when Adolf Busch, violinist and Rudolf Serkin, pianist, are presented Sunday afternoon, February 6, at the War Memorial Opera house.

Friends since early youth, each is a truly great artist in his own right. This will be their first appearance together in San Francisco and they have chosen a program that promises to make this one of the distinctive treats of the concert season.

The program includes: A sonata by Brahms for violin and piano, selections by Bach, Beethoven and Schubert.

Both Busch and Serkin came to this country at about the same time, something more than a decade ago, after establishing their right to a high place in their respective fields of music in Europe.

Busch is a member of a famous family of which one brother is a conductor, another a cellist. The father was a famous violin maker.

Serkin, a Czech, was the fifth of eight children and like Busch, was a child prodigy. At the age of 12, he made his debut with the Vienna symphony. He met Adolf Busch at the age of 17 and went to live with the Busch family, ultimately marrying Irene, the daughter of his present concert partner.

Tickets for the concert are now on sale at the Opera association's new box office now located in Normandy lane, City of Paris, in the heart of the shopping district. This move was made in the interest of the music-loving public, for its greater convenience. The same telephone number prevails—EXbrook 8585. The box office can also be reached through the City of Paris telephone exchange — DOuglas 4500.

AT JEFFERSON HIGH

By Verna Moresco

EXECUTIVE
The meeting of the executive board was called to order, Tuesday, January 18 at 8 a. m.

Old business: there are only 8 persons running for offices so the voting machines will not be used. There is one person for each office with the exception of vice-president which has two candidates.

Time for handing in petitions was extended until last Friday.

Four filled stamp books, belonging to the student body fund, will be turned into Bonds.

As new business, the presentation of more school dances was discussed.

The meeting was adjourned at 8:17.

ELECTION
Speeches by candidates seeking student body offices were held, Wednesday, January 26. On Monday, February 1, election will be held.

SENIORS
High seniors received their graduation announcements, personal cards, and memory books, last week.

Tomorrow night they will hold their senior ball, and on Wednesday night, February 9, they will be graduated.

Work has already been started on the senior edition, with Gloria Nopper in charge. Orders for these editions have been very promising. This year the photography class has been asked to make the pictures of the high seniors that are to go into the senior edition.

CONTEST
Students at Jeff have made Bing Crosby their favorite in a 7-1 vote in the election held at the school, last week. The boys were for Bing but the girls showed 50 per cent enthusiasm for Frank Sinatra.

BONDS AND STAMPS
In order to push the sales of War Stamps and Bonds, class chairmen have been chosen. For the seniors they are: Dot Nelson, Lenore Ross, Ken Hatt, Bud Fellows. Chairmen for the juniors are: Barbara Blecher, Verna Moresco, Bob Olson, and Ken Linhares. Barbara Ford, Audrey Kusber, Pete Ramer, and Ben Picetti, for the sophomores. For the freshmen there are: Patsy Snee, Shirley Remmer, Howard Fletcher, and Ben Parodi.

In the Boy-Girl competition the boys seem to be 'WAY ahead, and besides the girls have to bring in double the amount the boys do, so they must be far, far behind.

On Monday, the Bonds and Stamps committee presented a "Truth or Consequences" assembly, the admission being a defense stamp.

BLOCK "J"
Officers for the new semester were elected last Thursday during the regular Block J meeting. The new officers are: Bud Fellows, president; Don Van Kirk, vice-president; Dick Little, secretary; and Bill Reed, treasurer.

Following the election members are planning a boxing tournament and an assembly sometime in February.

DANCE
Another after-school dance was held Thursday, January 20. The music was furnished by both records and the Indians of Rhythm. Plans for more after-school dances are being made.

INDIANS OF RHYTHM
The Indians of Rhythm will again be featured at the annual senior ball. The success of this most important function of the school year depends a great deal on the music. The band is now working on the program for the ball.

Last Friday the band performed an assembly dedicated to the seniors. It was well received by the whole student body.

The vocalists were at their best and Barbara Gregor was well received with her piano solos.

LIBRARY
More books have been added, this week, to Jeff's library and more will be added each week, Miss Ethel Fillmore, school librarian, announced.

New book jackets displayed on the library walls tell the number and variety of new titles. A review of the books can be found on the back of the jackets.

Among the new books are "Road to Alaska," by Douglas Cae, the story of the Alaskan Highway; and "Dogs Against Darkness," by Dickson Hartwell, authorized by the Institute on Seeing-Eye Dogs.

Non-fiction books include: "On Being a Real Person," by Harry Fosdick; "The Kremlin and the People," by Walter Duranty; "The Other Americans," by Edward Tomlinson; "Vast Horizons," by Mary Lucas; and "Once Upon a Time," by Agnes Fisher.

OTHER ACTIVITIES
The entertainment committee has voted in two new members, Louise Ross and Ray Falvey. They are still looking for students to help make the coming dances a success.

The Girls' Block J held a meeting for the election of officers, this week.

There will be no after-school sports for the girls after the archery and tennis playoffs, this week, until volleyball starts in March.

Foresters Plan February 1 Whist

Mrs. Mary Dougherty, chairman, issues an invitation from Vista Grande Circle No. 253, Foresters, for the public to attend that organization's public whist party, Tuesday, February 1. It will be held at Linhares Social hall, 176 Los Banos avenue, beginning at 8:30 p. m.

Many nice prizes are to be awarded, according to the committee.

News Of Activities At Daly City District Grammar Schools

AT JEFFERSON

During the Tuesday art period of the Jefferson elementary eighth grade, Eugene Lagomarsino, Albert Lagomarsino and Jack Ghio made some very attractive posters for the Fourth War Loan drive. These posters were placed in the Colma bank, Lucca Ravioli store and Anchor Drug.

In line with the nation-wide appeal to school children and the general public, to assist in the approaching paper drive, the seventh grade elaborated upon an article in their current events entitled "Paper and the War Effort." They wrote stories about the many uses of paper and how it could be conserved.

The sixth grade had an interesting science reading lesson and discussion about bees and turtles, last Tuesday. The next day George Jiminez and Joseph Heinzle brought their pet turtles to school to further enlighten the class about some facts that had not been read about or mentioned the previous day.

The third and fourth grades are studying "Homes of the World" unit. The children have just finished writing a series of stories dealing with various types of homes in foreign countries. The second and third grade children have been making attractive patterns, using a wheel motif. These motifs are adaptable to paper doilies or anything requiring an all-over surface design. The class is also writing a cooperative story on "The Fireman."

The first grade are following up their Health unit with a series of stereoptican pictures of milk-giving animals, such as the cow, reindeer, goat and many others. They are also filling up their art corner with some marvelous, original pictures of these same animals.

AT WOODROW

Room 5
Harry McCune, from Room 5 has returned to school. Harry has been out of school for some time, due to an injured foot.

Room 4
Fern Munsell accompanied her parents when they motored to San Leandro to visit friends.

Room 8
Glenn Wilford of the high sixth grade transferred to Oregon, last week, after attending this school for two months.

Arthur Rud of the low seventh grade is the leader in the tin drive for this room, having brought in 514 pounds of clean tin.

Room 9
Room 9 hopes to reach their goal of 100 per cent Tuesday, in purchasing War Stamps. Betty Mae Alicata recently purchased another War Bond.

Room 12
The high fifth and low sixth grades found a close correlation between arithmetic and art in their art lesson. They illustrated fractions with circles and colors chosen from their color wheels.

Room 15
The low fifth graders are busy preparing reports on the "Story of Printing." They are finding facts which are very interesting.

Room 15 regrets the passing of Diane Hummel's mother.

Room 14
Herbert Altman of Room 14 is ahead in his class for bringing in tin. The boys brought in about twice as much tin as the girls.

The fourth grade regrets to hear of the passing of Esther Young's father.

AT CROCKER

Over the weekend, two students of Room 3 traveled out of town. Ragnar Nordgren went to Alameda and Lois Anderson journeyed to Richmond.

Bob Lawson of Room 4 spent the weekend visiting at Middletown, Lake county.

Last Thursday, the pupils of Room 2 listened to one of the "Standard School Broadcasts." The subject was "Tone-paintings of America." Pictorial music, depicting scenes in the West, was played and discussed. It showed that music could suggest pictures to the mind as well as line and color.

Peggy Chamberlain of Room 6 spent the weekend in Redwood City visiting Laurie Bailey and Jeannine Estes.

Norma Boscolo of Room 6 visited friends at Rutherford during the past weekend.

Adolph, Benito and Hirohito —the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

LUCCA MEAT MARKET

HOURS: 9 A. M. to 6 P. M.

Ration points and dollars buy more meat when you spend them with a reliable, conscientious dealer. Prime quality and cuts "made to your order" have been standards upon which were built our successful meat department, and which mean more to your advantage today than ever before. Let LUCCA'S MEAT MARKET help solve your food problem.

In spite of wartime difficulties, we do maintain delivery service for feeds where it is impossible for the customer to carry home his purchases. We do this as a patriotic effort, one of our ways in which to keep the home front "clicking" while our men are fighting "out there."

However, we must ask that whenever possible, feeds be picked up at our store. Please do not ask us to unnecessarily expend vital manpower and transportation to carry these purchases. Doing your part in this will be a great favor to us, as well as aiding the war effort.
